

Section 12I Tax Allowance Incentive (12I TAI) ●●

The 12I Tax Incentive is designed to support Greenfield investments (i.e. new industrial projects that utilise only new and unused manufacturing assets), as well as Brownfield investments (i.e. expansions or upgrades of existing industrial projects). The incentive offers support based on capital investment and training.

The minimum investment in Qualifying Assets required is R50 million for a greenfield project and an additional investment of R30 million for a brownfield project.

Objectives

The objectives of the incentive programme are to support:

- Investment in manufacturing assets, to improve the productivity of the South African manufacturing sector;
- and
- Training of personnel; to improve labour productivity and the skills profile of the labour force.

Offerings

(a) Investment Allowance:

- » 55% of Qualifying Assets or a maximum of R900 million investment allowance in the case of any Greenfield project with a preferred status (100% if located in a Special Economic Zone or “SEZ”)
- » 35% of Qualifying Assets or a maximum R550 million investment allowance in the case of any other Greenfield project (75% if located in a Special Economic Zone or “SEZ”);
- » 55% of Qualifying Assets or a maximum of R550 million investment allowance in the case of any Brownfield project with a preferred status;
- » 35% of Qualifying Assets or a maximum of R350 million investment allowance in the case of any other Brownfield project.

■ Qualifying Assets are defined as new and unused buildings and new and unused plant & machinery contracted for and acquired **after** date of approval and brought into use within 4 years **from** date of approval.

(b) Training Allowance:

- » A training allowance of R36 000 per full time employee may be deducted from taxable income during the first 6 years.

» According to the points system, an industrial policy project will achieve 'qualifying status' if it achieves at least 4 (four) of the total 8 points, and 'preferred status' if it achieves at least 7 (seven) of the total 8 points.

The project could score points for:

- Upgrade an industry within South Africa by utilising innovative processes (max. 1 point);
- Utilising new technology that results in improved Energy Efficiency and cleaner production technology (max 2 points);
- Provide general business linkages within South Africa (max 1 point);
- Acquire goods and services from SMMEs (max 1 point for Greenfield & 2 points for Brownfield);
- Provide skills development in South Africa (max 2 points); and
- In the case of a Greenfield project, is located within a Special Economic Zone (max 1 point)

Targeted Enterprises

- The investment must be:
 - » A Greenfield project (new project);
 - » A Brownfield project (expansion or upgrade); or
 - » Classified under 'Major Division 3: Manufacturing in the Standard Industrial Classification of All Economic Activities ("SIC") 5th Edition or SIC 7th Edition, Section C: Manufacturing.

Note: The above point scoring system is subject to changes during 2015. Please refer to the Information document for more detailed information.
